\*\*Special Offer includes PANEL DISCUSSION: Dr Jacob Liberman, Sonia Barrett, Dr Bruce Lipton & Dr Amit Goswami

### **SUMMARY OF SONIAS LECTURE**

As human beings we seek to establish a comfort zone of concepts and ideas about the nature of reality. It is however significant that we continue to push the envelope in tapping into the ocean of endless possibilities. We must seek to explore what we already are for there lies the thrill in reengaging our lost memory. It is an opportunity to experience the process of rediscovery in playing out the human game.
