Description

5 ½ Hours LOS ANGELES 5/17/08 DVD This was a full day lecture in Los Angeles.

In this lecture Sonia Barrett discuss the programming of humanity, the electromagnetic spectrum and how it relates to the science of life as a virtual game an illusion. This was her first lecture and it is packed with information. This was a full day lecture in Los Angeles. The following are just a few of the topics discussed in the eye bending lecture:

The Programming of Humanity

Why is there such difficulty moving through change-?

What is the matrix/system?

Operating outside of time

The human body is a lower vibration of the spirit

Releasing your ancestors and yourself by moving beyond the past

Reactivation of the human body

The evolution of consciousness
